Activision has once again stated that this

year's Call of Duty: Modern Warfare III is a "premium release." As

such, it will cost \$70 USD for the standard edition. Activision confirmed this

to CharlieIntel, following ongoing speculation that Modern Warfare III might be

a lower-priced game.

Call Of Duty: Modern Warfare 3 Is A Full Price \$70 Game - GameSpot

Unfortunately, the simple answer as

to why MW2 is set at such a high price is that \$70 has become the new

standard for triple-A games. Sony has been pushing a \$70 price tag

on many of its games since the PS5 and Xbox Series X/S were released, charging

more for versions that were made for the upgraded console.
