Fireboy and Watergirl 5

Co-operative Gameplay

Fireboy and Watergirl 5: Elements relies on co-operative gameplay. That means it's much better to play it along with a friend! Instead of playing against each other, you work together to solve puzzles and move on through the level. The controls are set up so you can both play comfortably on the same device. If you want to play solo, you can still play by controlling both characters at the same time.
