It is the sixth installment in the Black Ops sub-series and the seventeenth installment in the overall Call of Duty series, serving as a direct narrative continuation of 2010's Call of Duty: Black Ops.[3] The game was released on November 13, 2024, for PlayStation 4, PlayStation 5, Windows, Xbox One, and Xbox Series X/S;

The game was originally developed by Raven and Sledgehammer Games and was not intended to be an entry in the Black Ops sub-series. However, the development suffered from disagreements among the two teams, resulting in Activision placing Treyarch in charge of the game's development
