

# apostar em league of legends

if that didn't work:

Go to the game folder and look for a text file named Steam\_Api64.

Open the file and press CTRL+F to open the find command and type Language in it.

It shall direct you to language work file which will be Language = Russian.

Replace Russian with English.

Run the game and check if it worked.

English files for Black Ops III :: Call of Duty - Steam Community
