100% Golf is a sports game that puts a new spin on the

classic golf experience by replacing scores with percentages. You start

every level with 100% power, and each move decreases this number corresponding

to the power of your shots. Your aim is to pass every level with as

much leftover power as possible, because hitting 0% results in losing the

round. There are a total of 27 holes to practice on, and an Endless Mode to

maximize the fun once you've finished the main campaign. 100% Golf is

the golf game you've been waiting for, one hundred percent guaranteed!

Hold down the left mouse button (or your finger) and aim for the hole before

letting go. 100% Golf is created by Alexander Johansson, a game developer

based in the United Kingdom. He is the creator behind the unique platformer

Narcissus. You should give it a play on Poki!
