The first basketball video game dates back to 1978 when Atari Inc. released "Basketball". It was a revolutionary creation that paved the way for the plethora of basketball video games we have today. Included in this category are games that, while often deviating from traditional settings, still adhere to the basic rules and elements of the real-time sport. Today, these virtual basketball games are played by millions of users worldwide, basically anyone with access to a computer or smartphone. The games attract a wide range of demographics, from teenage basketball enthusiasts to adults who find the games nostalgic and recall their fond memories of playing basketball all during their school days. What types of basketball games are there? Basketball games have evolved over time, giving rise to various sub-genres within the category. From challenging simulation games like the popular NBA 2K series that offer ultra-realistic graphics and gameplay, to arcade-style games like "BasketBros" that offer a more casual and simplified experience, the list is extensive.
