<p></p><p></p><p>The "false 10" or "central winger&quo

t:[54] is a type of midfielder, which differs from the false-attacking midfielde

r. Much like the 9 , £ "false 9", their specificity lies in the fact th

at, although they seemingly play as an attacking midfielder on paper, unlike 9 , £

a traditional playmaker who stays behind the striker in the centre of the pitc

h, the false 10's goal is to 9 , £ move out of position and drift wide when i

n possession of the ball to help both the wingers and fullbacks 9 , £ to overload

the flanks. This means two problems for the opposing midfielders: either they l

et the false 10 drift wide, 9 , £ and their presence, along with both the winger

and the fullback, creates a three-on-two player advantage out wide; or they 9 , £

follow the false 10, but leave space in the centre of the pitch for wingers or

onrushing midfielders to exploit. 9 , £ False 10s are usually traditional wingers

who are told to play in the centre of the pitch, and their natural 9 , £ way of

playing makes them drift wide and look to provide deliveries into the box for te

ammates. On occasion, the 9 , £ false-10 can also function in a different manner

alongside a false-9, usually in a 4 6 0 formation, disguised as either a 9 , £ 4

3 3 or 4 2 3 1 formation. When other forwards or false-9s drop deep and draw def

enders away from the false-10s, creating space 9 , £ in the middle of the pitch,

the false-10 will then also surprise defenders by exploiting this space and movi

ng out 9 , £ of position once again, often undertaking offensive dribbling runs f

orward towards goal, or running on to passes from false-9s, which 9 , £ in turn e

nables them to create goalscoring opportunities or go for goal themselves.[55]&l

t;/p>

<p>Providing a "wide presence" as a passing option 9 , £ on the f

lank.</p>
