How does a golf handicap work?

You can find your golf handicap by taking the average score of the best eight of your last 20 scores.

Use this equation to calculate your handicap for any course: $\text{Course Handicap} = [\text{Handicap Index} * (\text{SR} / 113)] + (\text{CR} - \text{Par})$

[robo de aposta sportingbet](#)

Most golfers who don't have a handicap just guess their average score and subtract 72 from it.
