When it comes to handicaps in golf, there is a lot of confusion about what they actually mean. A +1.5 handicap means that the player has an estimated 18 hole score that is 1.5 strokes above par. So, if a course has a rating of 72 and the player has a +1.5 handicap, their expected score would be 73.5 (72+1.5).

What is a Goal Handicap?

betano mais de 1.5

This is when the handicap for a sports event, such as a football match, is listed with a half handicap, to eliminate the chance of a draw. For example, Spurs will be given +1.5. Whatever the actual result of the game, the 1.5 added to Spurs goals total will mean that the bet can either win or lose.
