The Centodieci is a hyper sports car that uses the usual W16 8.0 block of the French brand, which on this occasion has been tuned to provide a power of 1,600 hp, 100 more than in the Chiron. The performance it achieves is that of a true 'combat fighter' on the asphalt: 2.4 seconds to go from 0 to 100, 6.1 to do 0 to 200 and 13.1 to reach 300 km/h from standstill.

And if it continues, its momentum could take it up to 380 km/h... electronically limited, because the engine is capable of much more.
