

# estrategia do zero na roleta

This guy's (these guys?) been showing up in my supers games since the early 80s, but I'm just now getting to converting him to SCRPG. Comes up pretty faithful to his original Champions 1st edition incarnation, which is impressive; given how very different the two games are mechanically. And yes, I was inspired to do him when I randomly rolled a Creator/Loner archetype/approach, which is so silly it made me
