On Steam, every single game is playable on Windows. Only if the Mac icon is listed are you able to play it on MacOS.

Be sure to read the system requirements page to see more information on which Macs can best run the game.

Make sure that you download the Mac version of the installer.

Once the installer is downloaded, double-click on it to start the installation process. Follow the on-screen instructions to complete the installation. If none of these steps work, you may want to reach out to Steam support for further assistance.
