If you want to play Terraria online with other users, you have two options. You can use the Host & Play feature in the Terraria client to host your own online game on your device.

Other players can then join the world either with or without a password.

From the title screen, go to Multiplayer & Join via Steam.

This will open the Steam overlay to the Friends dialog. Find the friend that you wish to play with in the list. Click the triangle drop-down menu beside their name and click Join Game.
