The eleventh major&#127989; installment in the Call of Duty series, the game was developed by Sledgehammer Games for PlayStation 4, Windows and Xbox&#127989; One, while High Moon Studios developed the versions released on PlayStation 3 and Xbox 360, and Raven Software developed the&#127989; game&#39;s multiplayer and the Exo-Zombies mode.</p><p>Advanced Warfare was the first Call of Duty title to be developed primarily by Sledgehammer,&#127989; following the supporting work the studio did on Call of Duty: Modern Warfare 3 alongside Infinity Ward in 2011. Though&#127989; the game was released on November 4, 2014, a special edition entitled the Day Zero Edition, which came with bonus&#127989; in-game content, was released on November 3 for people who pre-ordered the game.</p><p>Before the development of Advanced Warfare, Sledgehammer were&#127989; originally working on a game set during the events of the Vietnam War. Development for Advanced Warfare began in late&#127989; 2011, shortly before the release of Modern Warfare 3. The game became the first entry in the Call of Duty&#127989; series since Call of Duty 2 to feature a game engine that has had its majority re-written and built from&#127989; scratch. For the game&#39;s single-player campaign mode, Sledgehammer employed veteran actors Troy Baker and Kevin Spacey in lead roles. The&#127989; game&#39;s story features a futuristic setting, set between 2054 and 2061, and follows Jack Mitchell of the United States Marine&#1279
