Due to trailers initially being shown after, or "trailing", the feature film, the term "trailer" was used to describe the promotion; despite it coming before, or "pre-viewing", the film it was promoting.

[Trailer \(promotion\) - Wikipedia](#)

[How did movie trailers get their name? - Quora](#)

The term "trailer" originally referred to a promotional advertisement for a feature film that was shown after the end of a screening. These "trailers" trailed the main feature, hence the name.
