Uma das teorias sugere que o termo se originou na década de 1950, quando as pessoas eram pagas duas vezes por mês - no dia 5 e no dia 20. O "ponto do bicho" seria o período entre o pagamento e o final do mês, quando as pessoas gastavam todo o dinheiro que receberam e ficavam sem recursos financeiros.

Outra teoria afirma que o termo vem do mundo dos jogos de baralho, no qual "bicho" é um nome popular para o "jogo do bicho", um tipo de loteria ilegal no Brasil. Nesse jogo, o "ponto do bicho" seria o momento em que os jogadores têm mais probabilidade de ganhar ou perder dinheiro, dependendo do resultado do jogo.

Além disso, há quem acredite que o "ponto do bicho" tenha uma relação com a astronomia e o zodíaco chinês. Nessa teoria, cada mês teria um "bicho" diferente, e o "ponto do bicho" seria o momento em que o "bicho" muda, o que causaria confusão e desorganização.

Em qualquer caso, o "ponto do bicho" é um termo divertido e interessante que faz parte do folclore brasileiro e que serve para expressar a ideia de que algumas coisas estão fora de controle ou têm um padrão imprevisível.
