Can your computer handle the latest Black Ops? Check the requirements.

Cold War: Elastic Warfare (can I run it?)

3. Find the game: Call of Duty: Warzone

4. Set up the game: To download and install the game, you need to go to the Call of Duty website and click on the "Download" button.

5. Install the game: Once you have downloaded the game, you need to install it. This is a straightforward process that should be covered in the game's installation manual.

6. Play the game: Once you have installed the game, you can play it. You may need to create a new account or log in to an existing one.

For everyone? Call of Duty: Warzone is a free-to-play battle royale game.

Latest Critic Reviews: A somewhat droll campaign will greet players of Modern Warfare II. It's a short, bombastic romp with some fun gunplay moments and fantastic graphics. The multiplayer, however, is a miss as it is no longer a properly combined entity and the lack of replayability is disappointing.

Should you buy it? You want a solid Call of Duty game with incredible graphics: Modern Warfare 2 is a reliable title that offers up more multiplayer modes than before as well as a somewhat varied campaign mode. Playing on a next-gen console or PC will also show off how graphically
