Step into the world of Fruit Ninja, a casual browser-based online game that offers classic fruit-slicing fun. The game has three exciting modes. In Arcade mode, you'll race against the clock to cut as many fruits as possible and earn points. You have three lives, and every fruit or bomb you miss will cost you a life. The game ends when you run out of time or lose all your lives. Cut ice cubes to freeze time and gain an advantage. Zen mode offers a more relaxed experience with no countdown, but you still have to avoid missing fruits and cutting bombs. For the ultimate challenge, try Frenetic mode, where the number of fruits on the screen doubles, requiring quick and precise katana skills. Fruit Ninja has gained worldwide popularity and continues to entertain players with its addictive gameplay.
