Based on the same physics that explains that

a ball rolling uphill will lose speed and a ball rolling downhill will gain

speed, physicists have shown that, given factors including the release

point and initial speed of the roulette ball, a tilt of the wheel leads to

a preference for the sectors from which the ball will

Blaise Pascal was a French philosopher, mathematician, scientist,

inventor, and theologian. In mathematics, he was an early pioneer in the fields

of game theory and probability theory. In philosophy he was an early pioneer in

existentialism. As a writer on theology and religion he was a defender of Chris

tianity.
