<p>ceita 2024 Statista statismo : estatísticas ; Atualizando.,</p>
<p></p><p>So, I got a soft blob-like thing, and I was tossing with it in a prototype for a very long 💲 time. It turned out that it's tough to invent something new. Finally, I got an idea of a fat cat 💲 that likes to blow balloons. The name of the game is Puffy Cat, and I'll be glad if you play 💲 it on Poki!</p>
<p>The final version of the game has 150 levels, 26 hats, 18 balloon skins, 225 sprites, 35 sound 💲 fx, and plenty of fun! And we agreed with the publisher to make two more games in the Puffy Cat 💲 series with new game mechanics and content.</p>
<p>What I like the most about Defold is that:</p>
<p>I use Defold IDE to make 💲 levels, i.e. I have quite a few pre-made game objects to construct a level. Every level is a collection with 💲 references to these game objects. All these levels linked to the parent collection as Defold's collection factories. It's an easy 💲 way to make levels without any external editors like Tiled etc.</p>
<p>All I need to run a game from sources is 💲 to download Defold IDE and build/run a project.</p>
